

Welcome to KIS

We are excited to have you be a part of Kyiv International School. At KIS we believe that all students come to school eager to learn and we want to keep this passion for learning alive. We believe that all students learn at their own pace and can be successful if provided the time, resources, instructional support, and the appropriate feedback. With a current student body of 730 students from over 57 nations, we have a diverse school community of beliefs and cultures. This makes KIS a vibrant learning environment and community.

By partnering with families, we can ensure that your children are gaining the **knowledge** they need to be successful, developing the **integrity** of your children through the success orientations, and by providing opportunities for children to learn to **serve** the school and greater community.

How can we best work together?

Expectations for Families and Students	Expectation for KIS
<p>Knowledge:</p> <ul style="list-style-type: none"> ● Mastery of units in a timely manner ● Maintain high level of academic engagement in class ● Meets age-level, appropriate grade level expectations each year ● Know what is happening at the school by reading the newsletter, school emails, or social media. 	<p>Knowledge:</p> <ul style="list-style-type: none"> ● Effective instruction that will engage your child and help increase their desire to learn ● Technology experiences that will help educate your child to be prepared for the 21st Century ● Differentiated instruction that meets the needs of your child
<p>Integrity:</p> <ul style="list-style-type: none"> ● Punctual, regular attendance ● Follows schools behavior expectations ● Engaged in positive movement in success orientations (kindness/politeness, concern for others, group interaction, trustworthiness, aesthetic appreciation, responsibility, and independent endeavor) 	<p>Integrity:</p> <ul style="list-style-type: none"> ● A caring staff that will look after, educate, and help your children grow ● Treat everyone with respect, patience, courtesy, dignity, and consideration ● Demonstrate the success orientation characteristics and follow the code of conduct.
<p>Service:</p> <ul style="list-style-type: none"> ● Meeting with teachers to monitor your child's progress ● Contributes to the school by attending events, helping organize events, etc. ● Meets openly about challenges that may arise in academics or behavior with your child and works in partnership with the school to find solutions 	<p>Service:</p> <ul style="list-style-type: none"> ● Timely communication from teachers about progress that is made by your child ● Finding solutions to challenges that we face together with your child's academic and behavioral success

I have read and understand that by agreeing to these expectations you are joining with us to help your child be a successful part of our school community.
